TIPSTER

Toughness you can trust.™

Convert a full-size pickup into a convenient, versatile mini dump truck with the DEL Steel Tipster. This inexpensive solution for your dumping needs easily installs into a standard pickup truck box or trailer while the engineered hydraulic system allows for easy operation. Professionally designed for maximum durability, the DEL Steel Tipster is the ultimate solution for today's busy landscapers, nurseries, farmers, firewood and construction contractors, golf courses and municipalities.
